DRUG-FREE WORKPLACE ADVISOR

AN ONGOING SERIES TO PROTECT YOUR COMPANY BY HELPING TO KEEP DRUGS OUT OF YOUR WORK-

Fast Facts: Keeping Our Worksite Drug-Free

When a worker is impaired by the use of drugs or alcohol, he or she threatens the safety and well-being of everyone at a worksite. To do your part to protect workplace safety:

- Understand your company's drug-free workplace policy.
- Follow it and set a good example for others by working-drug and alcohol free.
- Seek help if you or your co-worker(s) need it.
- Notify management if you observe use of or impairment from drugs or alcohol that could threaten the

health and safety of co-workers.

“... be willing to risk being wrong when your safety and that of your co-workers is on the line.”

Confidential help may be available, often at no cost to employees.

If you and/or a co-worker are struggling with drug or alcohol problems, turn to services such as:

- Those provided through your employer, union or healthcare benefits program.
- The **Substance Abuse Treatment Locator**. (800) 662-HELP or www.findtreatment.samhsa.gov.

Remember:

- If you directly observe drug-free workplace policy violations or obvious, on-the-job impairment you believe poses an immediate danger to any worker on the job:
- DO NOT DELAY or ignore the situation.
- ACT to prevent the worker from committing the unsafe practice, if at all possible.
